This is the first time since 1988, when Preston Tisch attended the National Postal Forum that was held in Virginia Beach, that a U.S. Postal Service Postmaster General is visiting Hampton Roads. Mr. Potter will make a brief presentation, preferring to leave the majority of the schedule open to a customer question and answer session.

In addition to general program, Newport News Letter Carrier William Washington will be recognized for his 50 years of government service.

The Hampton Roads Postal Customer Council, which is sponsoring this breakfast, was established over 34 years ago. Postal Customer Councils © are community groups made up of business mailers and Postal Service leaders to improve mail service, identify and correct problems, and exchange ideas to help member companies be more successful.
