

Let's Keep The Mail Safe

Ask

to find out if your items are potentially hazardous, perishable or restricted. Some restricted items are quite common, including:

- alcoholic beverages
- firearms and ammunition
- cleaning supplies, including ammonia and bleach
- gasoline and gasoline-powered equipment
- camping gear containing fuels
- mercury and items containing mercury
- pesticides, herbicides and other poisons
- aerosols and other compressed gases
- perfumes, colognes and alcohol-based cosmetics
- matches, lighters, fireworks and other flammable materials
- used medical equipment

For a reference guide of restricted materials, see the hazardous materials brochure (Notice 107).

Incorrect

Correct

Check

restrictions for your shipping box. Reused boxes are acceptable only when ALL markings and labels are removed or completely marked out.

Ship

all mail weighing 16 ounces or more from a Post Office™ instead of dropping it into a mailbox.
