Welcome

WITH THIS ISSUE, *USA Philatelic* celebrates a year full of discovery and innovation. Over the past year, we've introduced new features, unpacked technologies, and highlighted products. Let's revisit some of these exciting changes...

New features: Starting with spring 2017, we expanded into a new "magalog" format to include exclusive stories behind some of our newest stamps. We shared insights into new technologies used on the stamps themselves. *Have a Ball!* stamps were created with a high-viscosity coating and faux embossing that replicated the textures of each sports ball on the pane. The *Total Eclipse of the Sun* stamps incorporated heat-activated technology — making the moon appear with just the heat of your finger. The Collector's Zone® section was improved by streamlining the offerings and including subject matter that all readers could learn from and enjoy. Additionally, throughout the issues, we encouraged you to use the USPS® Augmented Reality application to bring images to life.

USA Philatelic embraced technology, as the covers were enhanced by the use of creative and tactical elements. To add dimension, we applied dull and gloss varnishes to the artwork, along with spot UV textures. A gatefold cover was used on our last issue to accentuate the deep-sea mystery of Sharks. We have used the cover to showcase the glittering fashion career captured by our *Oscar de la Renta* stamps and to recreate the feel of each individual ball from the *Have a Ball!* stamps.

Product Spotlights: Of course, this year's *USA Philatelic* has been full of stunning products: from an array of notecards (including the scratch-and-sniff *Flowers from the Garden* set); to the *Total Eclipse of the Sun* Folio that demonstrates how an eclipse occurs; to the *Civil War (1861-1865) Limited Edition Boxed Set* — the complete set includes five souvenir stamp sheets: one from each year issued from 2011 through 2015, featuring 10 stamp designs (see pages 26-27).

It's been quite a year! This issue wraps it up with interesting stories of our final 2017 stamp issuances: *The History of Hockey*, *Alzheimer's*, *Celebrating African American History and Culture*, *The Snowy Day*, and *Christmas Carols*.

Thank you for celebrating education, history, people, art, sports, science, and technology alongside us at the U.S. Postal Service®.

LACE UP AND HIT THE ICE

A photograph of two hockey players on an ice rink. The player on the left is wearing a pink and blue jersey, black pants, and a black helmet. The player on the right is wearing a white and blue jersey, black pants, and a black helmet. They are both holding hockey sticks and are in a crouched position, ready to play. There are two orange cones on the ice, one on the left and one on the right. The background is white.

Let these new stamps take you on a nostalgic journey.

YOUR MEMORIES might take you back to a noisy rink, with bright lights and piped-in music. Or instead, they might transport you to a pond and the bite of cold air hitting your cheeks. Either way, if hockey is in your blood, you'll celebrate our new *The History of Hockey* stamps, jointly issued by

BY THE LATE 19TH CENTURY, ICE HOCKEY WAS GROWING POPULAR IN THE UNITED STATES. THE NATIONAL HOCKEY ASSOCIATION LAUNCHED IN 1910, EVOLVING INTO THE NATIONAL HOCKEY LEAGUE IN 1917.

the U.S. Postal Service® and Canada Post.

The exact origin of ice hockey is unknown, yet a student at McGill University in Montreal, Quebec, is credited with organizing the first recorded game in 1875. The coveted Stanley Cup traces its roots to 1893, when Canada's governor general donated a silver bowl as the award for that country's top team.

By the late 19th century, ice hockey was growing popular in the United States as well. The National Hockey Association launched in 1910, evolving into the National Hockey League in 1917 — initially comprising only Canadian teams. The NHL added its first American team in 1924: the Boston Bruins.

Today, hockey is Canada's official winter sport and a beloved passion and pastime across both countries. This year also marks the 100th anniversary of the NHL, so it seemed only natural to celebrate the robust sport with a joint issue.

NOSTALGIC GLIMPSES

After establishing their initial agreement to create a hockey stamp, the U.S. and Canadian stamp teams worked separately on art concepts. The final agreed-upon concept came from the Canadian design team: a beautiful mirroring of contemporary and historic hockey players across time.

The decision to avoid the look of professional sports led to the nostalgic design. It's as if the contemporary

player is looking at his grandfather, playing on the same frozen pond a century earlier, observes Jim Phillips, director of Stamp Services for Canada Post.

The souvenir sheet includes imagery of a father teaching his daughter the sport, because "it was important to both countries to include the fact that the sport is not exclusively male," says Bill Gicker, creative director of Stamp Development for the U.S. Postal Service® and art director for the U.S. concept.

Together, he says, the stamp and its surrounding imagery tell a story.

INTERNATIONAL TEAMWORK

Joint issues work differently depending upon the countries involved as well as the subjects. (See "Unpacking the Appeal of Joint Issues," on page 6.) In this case, the stamps are identical, except for the typography and formatting that's unique to each postal service's requirements.

For example, the U.S. nondenominational stamp uses the word *Forever*, while the PERMANENT™ stamp for Canada Post contains the letter P set within a maple leaf. The U.S. stamp is self-adhesive, while Canada Post stamps come as both self-adhesive and gummed.

The first joint issue between the U.S. Postal Service® and Canada was *St. Lawrence Seaway* (1959) — celebrating the opening of this system of locks and channels more than 2,000 nautical miles long that connects the Great Lakes with the Atlantic Ocean.

Whatever the year, the teamwork along the way is a highlight for both organizations. They look forward to interacting with their counterparts in this specialized field.

Still, everyone keeps a few secrets, so that they can continue wowing not only their own stamp-collecting audiences but also their peers both over the border and on the other side of the world. "We've got some things hidden in our stamp," Phillips says. "In fact, we've got some things hidden in all our stamps in 2017, since it's Canada's 150th anniversary."

The curious can purchase framed art of the joint issue (page 35) and look closely with a magnifying glass to compare the U.S. and Canadian stamps.

"We are so pleased to work with the USPS on this issue," Phillips adds. "The end result on both sides looks fantastic. I'd get the stamps quickly, because I'm sure they are going to go fast."

UNPACKING THE APPEAL OF JOINT ISSUES

JOINT ISSUES can come in various forms. Some issues show stamps that use the same design. Others are based on the same original piece of art but have different designs, and still others feature the same subject with vastly different approaches (also known as “parallel joint issues”).

The process is rather fluid, as evidenced by the creation of *Greta Garbo* (2005, joint issue with Sweden). That stamp was the first joint issue for Bill Gicker, now-creative director of Stamp Development for the U.S. Postal Service®. He remembers flying to Sweden with his team’s art concepts.

Both *The History of Hockey* and *Greta Garbo* are examples of “twin” joint issuances — where stamp teams from different countries agree to use the same art and same design.

After much discussion, the Swedish and U.S. teams chose to use the same photo of the actress, but “they were set on doing intaglio printing and line engraving,” Gicker remembers, “while we were going to do a photographic version.

“But the engraving was so beautiful, that changed our minds.”

One unusual approach with identical stamps is represented by the souvenir sheet for *The 1606 Voyage of Samuel de Champlain*, released at the 2006 World Philatelic Exhibition in Washington, D.C. This souvenir sheet contained two U.S. and two Canadian stamps, commemorating the famous cartographer who surveyed the coast of North America from Nova Scotia to Massachusetts.

What each of these types of joint issuance have in common is an intentional agreement to work together and bring attention to a topic of significance to each country.

On the other hand, different postal administrations have independently happened to release stamps featuring the same subject but with no coordination. These are not considered joint issues.

The genesis of joint issues between the United States and other postal administrations goes back to 1937, when the United States, France, and Nicaragua marked the 150th anniversary of the U.S. Constitution with parallel joint issues. Over the next few years, numerous other countries also released stamps in honor of the sesquicentennial.

Since then, the U.S. Postal Service® has released more than 50 joint issues.

Christmas Carols

Deck the Halls!

**Historic lyrics
help celebrate the
holidays.**

FOR MANY AMERICANS, Christmas wouldn't feel quite like Christmas without the sounds of carols. While religious carols celebrate stories from the Nativity, some secular lyrics hark back to pagan celebrations of the winter solstice. Still others describe scenes of Victorian Christmas traditions.

The word *carol* is of French origin — originally referring to a ring dance accompanied by instruments and singing. By the 16th century, a carol was a song of joy usually sung in celebration of the Advent and Christmas seasons.

The lyrics of the four songs celebrated on the *Christmas Carols* stamps were published in America in the 19th century.

"Jingle Bells" never mentions Christmas or any specific holiday. A widely accepted story is that its composer wrote the song for Thanksgiving — meant either for a church service or as a drinking song. It was also the first song ever played in space — by a crew member of Gemini 6 to Mission Control in December 1965.

"Deck the Halls," a Welsh tune published in the 18th century, was among the first secular carols to celebrate Christmas. It references winter solstice traditions such as bringing boughs of evergreen holly into the home and burning the Yule log.

"Silent Night" might be the most beloved Christmas carol of all — translated into dozens of languages. One legend says that an Austrian priest penned it in 1816 as a devotional poem. Two years later, a church organist wrote its accompanying melody for a service at St. Nicholas Church in Oberndorf, Austria. The resulting hymn is still performed every December 24th at that church.

"Jolly Old Saint Nicholas," published in 1865, contains lyrics adapted from a poem about a child's belief in the goodness and magic of the gift-bearing Saint Nicholas. The tune's composer is unknown.

Even for Americans who have never experienced a snowy, small-town Christmas or decorated their homes with boughs of holly, carols can evoke joy.

Semipostals From the Past

Two earlier semipostal stamps are no longer on sale:

Heroes of 2001
—which generated \$10.5 million to assist families of injured or killed emergency relief personnel)

Stop Family Violence
— which raised \$3.1 million toward domestic violence prevention programs

EXPERTS ESTIMATE that more than five million Americans are living with Alzheimer's disease, for which there is not yet a cure. The 2017 *Alzheimer's Semipostal* stamp helps raise funds to fight this disease named after Alois Alzheimer, a German doctor who did important research into its causes.

Each case of Alzheimer's takes a toll on caregivers as well, so their presence — the touch of a loving hand — became an integral part of the stamp illustration. "The caregiver provides the last and most meaningful human connection," acknowledges Art Director Greg Breeding.

Semipostal stamps are First-Class Mail® postage stamps issued by the Postal Service™ at a price above the one-ounce stamp rate. This extra amount (less an offset for reasonable costs incurred by the Postal Service™) raises funds for designated causes. The amount raised for the *Alzheimer's Semipostal* stamp is transferred to the National Institutes of Health, a part of the U.S. Department of Health and Human Services.

Alzheimer's Semipostal is also the very first discretionary semipostal stamp. Under the discretionary semipostal program, the U.S. Postal Service® will issue five stamps over a 10-year period, with each stamp to be sold for no more than two years. The next discretionary semipostal, to be released in 2019, will be the *Post-Traumatic Stress Disorder* stamp.

Since 1998, the U.S. Postal Service® has issued four nondiscretionary semipostal stamps, two of which are still on sale (see page 9):

- ***Breast Cancer Research*** debuted in a First Day Ceremony in 1998 at the White House and has gone on to raise more than \$86.1 million to fund breast cancer research.
- ***Save Vanishing Species*** was created in 2011 to help protect threatened and vanishing wildlife. In the years since, it has raised more than \$4.3 million for the U.S. Fish and Wildlife Service.

When it comes to these significant issues of health and wholeness, semipostal stamps enable you to take one small but meaningful step to help those who are doing so much good in the world.

A Profound and Resilient Strand of American History

The museum that honors the richness of the black experience

BLACK HISTORY is inseparable from American history, and the black experience represents a profound and unique strand of the American story.

In every endeavor — whether military and public service, education, commerce, the arts, or religious life — African Americans have cultivated a distinct perspective marked by community, ingenuity, and historical remembrance. This stamp recognizes the richness of that experience by celebrating the National Museum of African American History and Culture in Washington, D.C.

Created by a 2003 Act of Congress establishing it as part of the Smithsonian Institution, the National Museum of African American History and Culture opened on September 24, 2016, on the National Mall in Washington, D.C. — between the Washington Monument and the Smithsonian's National Museum of American History.

It's the 19th Smithsonian museum and the only national museum devoted exclusively to African-American life, art, history, and culture. The bronze-colored building is designed to inspire faith, hope, and resilience. At night, the building glows from within, offering an impressive sight in and around the National Mall.

The National Museum of African American History and Culture houses collections that represent all regions of the United States and acknowledge the cultural links of African Americans to the black experience around the world as well.

The museum also serves as an important venue for performances and ceremonies. Some of its many initiatives include the recording of interviews with unsung heroes of the Civil Rights Movement and workshops for students and teachers. Through these and other programs, the museum provides opportunities for the public to explore and enjoy African-American history while demonstrating the centrality of that history to our nation's past, present, and future.

Curl Up With *The Snowy Day*

Join Peter on his winter adventure.

THE SNOWY DAY, published in 1962, was one of the first prominent 20th-century picture books featuring an African-American child. Young readers joined Peter on his winter adventures throughout his neighborhood.

Author Ezra Jack Keats was born Jacob Ezra Katz to Polish Jewish immigrants in Brooklyn in 1916. By his high-school graduation in 1935, he'd become an accomplished artist. Unable to afford art school, he helped support his family as a painter and illustrator.

After serving in the Army during World War II, Katz embarked on a career in art.

Perhaps concerned that the era's anti-Semitism could affect his job prospects, he changed his name to Ezra Jack Keats in the late 1940s. He spent a stretch as a painter in Paris in 1949 and then returned to New York City, where he became a successful commercial artist.

Keats soon entered the publishing world, illustrating and co-authoring *My Dog Is Lost!* in 1960 — a story about a Spanish-speaking Puerto Rican boy who receives help from children of varying backgrounds while searching for his dog in New York City.

Unlike most popular children's authors at the time, Keats made a point to feature ethnically and racially diverse characters. *The Snowy Day* follows Peter as he wakes up, puts on his signature red snowsuit, then heads outside to leave footprints in the snow, make snow angels, and build a snowman. In 1963, Keats was awarded the prestigious Caldecott Medal, given annually to the artist of the previous year's best children's picture book.

Peter starred in six more of Keats' stories, so readers watched him grow older in print. Before Keats' death in 1983, the author had written and illustrated 22 children's books and provided artwork for dozens more, adding invaluable diversity to mainstream children's literature.

Second-graders at P.S. 321 in Park Slope, Brooklyn, were invited to a pre-ceremony reading of *The Snowy Day* with professional storyteller Tammy Hall.

Barn Swallow Stamped Envelope

First-Class Rate Forever®

DATE OF ISSUE: 3/3/17 AT RENO NV

The U.S. Postal Service® celebrates a favorite backyard bird with the 2017 issuance of the **Barn Swallow Stamped Envelope**. When summer is in full swing, almost anywhere in the world, many species of swallows can be seen darting and gliding through the air, doing what they do best — hunting insects on the wing.

This stamped envelope features a large illustration of a barn swallow (*Hirundo rustica*) perching and a smaller illustration showing the bird in flight.

Easily compare shipping options

If you're unsure how you'd prefer to send a particular shipment, it's easy to compare services, prices, and estimated delivery dates side-by-side within the Click-N-Ship® process.

If It Fits, It Ships®

There's no need for a scale, to weigh a package, when you use Flat Rate boxes and envelopes. If It Fits, It Ships® anywhere in the United States for mailable items up to 70 lbs. Visit USPS.com® and check out the free shipping supplies available under "Postal Store."

Insure what you're shipping

Most domestic Priority Mail® shipments already qualify for free insurance up to \$50. Purchase any additional insurance you might need while you're online.

Easily arrange for multiple shipments

Are you sending identical packages to several places? Consider creating a batch order, and print up to 20 labels with postage at one time.

Keep things beautiful even with your bigger packages

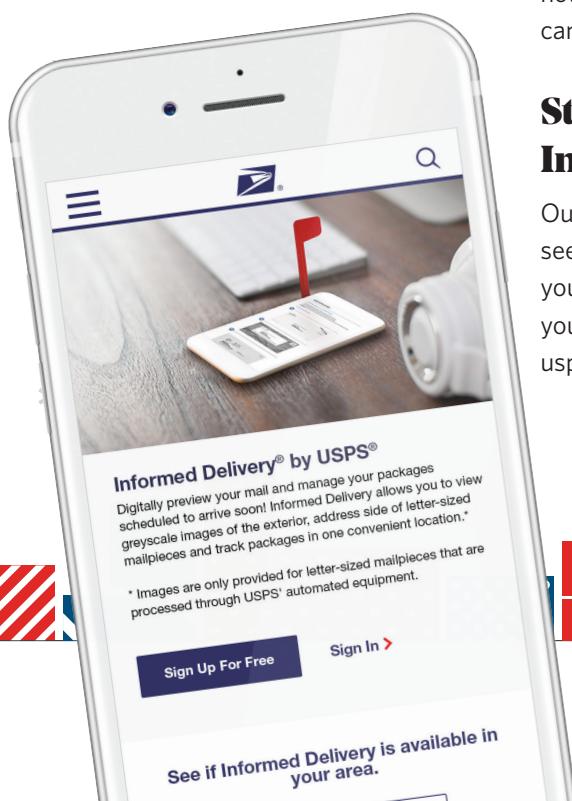

Did you know that the U.S. Postal Service® has special stamps for those larger items you're mailing? Consider ordering **Lil'uokalani Gardens** (\$6.65) for slightly heavier Priority Mail® packages, or **Gateway Arch** (\$23.75) for Priority Mail Express®. Find those beautiful stamps on page 19 of the catalog.

Personalize your preferences

Want to always get tracking notifications via email or notify your recipients that a shipment is coming? You can set those preferences and many more online.

Stay in touch with Informed Delivery®

Our new Informed Delivery service makes it easy to see what's arriving in your mailbox, no matter where you are. Get daily email notifications with images of your actual letter-sized mailpieces. Find out more at usps.com/idcatalog.

Art Directing a War

A conversation with Phil Jordan about the *Civil War* stamp series

In the course of his 23 years as an art director and stamp designer for the U.S. Postal Service®, Phil Jordan designed more than 250 stamps — including all 10 of the stamps commemorating the Civil War. In this USA Philatelic interview, he talks about working on that monumental series.

All four of my great-grandfathers were combat veterans in the Civil War: one Union, three Confederate. I wanted to produce a series that would reflect values in the words of the participants and reflect the absolute horror of some of their experiences.

At no time did I want any quote to glorify the war. Rather, I wanted to express that this was perhaps the worst thing that had ever happened to this country, no matter what side you were on.

I selected all the photography and all the quotes, with extensive help from PhotoAssistant. It took an incredible amount of research. There are about 7,000 photographs in the Library of Congress that are relevant to the Civil War, and I reviewed every single one of them.

I suspect that even before we published the first sheet, I had worked on the series for at least three years.

To help make these stamps a personal statement of the people who were in the war, I selected a song for each year [for the souvenir sheets] to represent what each young soldier, Reb or Yank, would have in common: a girlfriend. In a sense, I embedded an ongoing story.

The spirit I wished to project in this series is best represented on the last souvenir sheet in the ghostly image of the soldier and Col. Joshua Lawrence Chamberlain's words: "How could we help falling on our knees, all of us together, and praying God to pity and forgive us all!"

Stamp collectors will always be interested in the Civil War series. For many years, we've been witnessing the aftereffects of this war. The war solved states' rights, but the schisms still exist.
